Aurionpro continues to be on winning spree- announces two strategic order wins in Date Centre Business

Aurionpro, in a major boost to its Data Centre business, announced signing up for the two strategic deals in the segment. It has won two separate orders for the setting up and designing of the data centers for two of the marquee names in the Indian market. The first order is from **Tata Power**, one the largest private power sector companies India, in which Aurionpro will support Tata Power to design and build Data Centre and Disaster Recovery Centre for process automation (SCADA) for its Power Plants. The entire power management and critical operations technology of the state of Maharashtra will be managed by this Data centre being built by Aurionpro.

The second win is from **IIT Guwahati** in which Aurionpro is setting up **High Performance Computing Data Centre in Guwahati.** This project is part of the National Supercomputing Mission launched by Government of India to enhance the research capacities and capabilities in the country by connecting them to form a Supercomputing grid, with National Knowledge Network (NKN) as the backbone.

Mr. Bhaskar Bhattacharya, Executive Vice President: TIG, Enterprise Business, cheering at the announcement said that "*we are delighted to announce these wins as they are strategically significant. Tata Power is a leading name in the industry and the IIT Guwahati, one the esteemed institutions in India. We are thankful to both customers for reposing trust and choosing us as partners for setting up data centers for them. These wins will establish Aurionpro as a player in the rapidly growing Indian market which is witnessing an unprecedented boost post pandemic.*"

Mr. Paresh Zaveri, CMD, Aurionpro, said that "*we are indeed excited to announce these wins. The last few quarters, we were focused on building capabilities and hiring skilled resources and that strategy is bearing fruits now. There are large number of opportunities in the pipelines and we are well placed today to tap these opportunities.*"

About Aurionpro:

Aurionpro Solutions (NSE: AURIONPRO) (BSE: 532668) is a global technology solutions leader that helps enterprises accelerate their digital innovation, securely and efficiently. It combines core domain expertise, thought leadership in innovation, security and leverages industry leading IP to deliver tangible business results for global corporations. Employing more than 1,200 domain and technology experts across North America, Asia and Europe, Aurionpro caters to a host of clients across BFSI, Telecom and Logistics industry.
