Chairman's Letter (continued)

Our Banking business for the wholesale banking space looks robust. We have consolidated our presence in Asia Pacific with our corporate banking products for Lending and Cash Management. We have a clear leadership position in the ASEAN region. Both our SmartLender solution and Cash Management solution saw healthy wins, strong margins and continued patronage by existing clients. We won multiple customers including in India, South East Asia and Middle East. We are looking to expand the portfolio in Global Transaction Banking and offer Treasury Management services with increased vigor and aggression in the marketplace. We continue to be ranked amongst the top 100 FinTech companies in the world.

Over the past year, we have aligned our offerings to help businesses accelerate digital innovation, secure enterprises and optimize business operations. Our revenues come from a healthy mix of industry leading IP, frameworks and services that drive expediency to clients realizing value. We have invested in technology and talent that will allow us to drive and de-risk innovation cycles while enhancing security. These initiatives will result in larger deal sizes and deeper client relationships.

In the coming months, we will build upon new partnerships such as the one that Cyberinc signed with HPE and leverage growth by going to market leveraging partner's sales and marketing infrastructure. I am confident each of the core businesses have an opportunity for growth higher than the market average and we are very well positioned to build on it with continuous effort.

Our exit of the IT Services business in the US was the first step. As we stay confident and steadfast in building a world-class business, we believe there is a lot of hidden value locked up in each of our core business that can yield a greater return on investments to our stakeholders and to that end, we are working on increasing the frequency and size of strategic deals. Such deals will allow us to further sharpen our focus on our strength areas and unlock value from our businesses, which we can further leverage to pay down debt while in parallel, accelerating growth in key growth areas.

I am thankful to each of you for your support and, along with the rest of the Aurionpro team, we will work to build the next version of Aurionpro for sustained revenue growth and margin growth.

**MANAGEMENT
DISCUSSION
AND ANALYSIS**

Management Discussion & Analysis

1. Overview

The Aurionpro Solutions Limited ("Aurionpro") financial statements have been prepared under the historical cost convention, on an accrual basis of accounting, in compliance with the requirements of the Companies Act, 1956/2013, the Generally Accepted Accounting Principles (GAAP) in India and mandatory accounting standards issued by the Institute of Chartered Accountants of India (ICAI). The management of Aurionpro accepts responsibility for objectivity and integrity of these financial statements, as well as for various estimates and judgments used therein. The estimates and judgments relating to the financial statements have been made on a prudent and reasonable basis, in order that the financial statements reflect in a true and fair manner, the state of affairs and profits for the year.

The management of Aurionpro is committed to continuously improving the level of transparency and disclosure. As such, an attempt has been made to fully and completely disclose information herewith about the company, its business, operations, outlook, risks, and financial condition. The forward-looking statements contained herein are subject to certain risks and uncertainties, including, but not limited to, the risks inherent in the company's growth strategy, dependency on strategic clients, and dependency on availability of qualified technical personnel and other factors discussed in this report. Readers are cautioned not to place undue reliance on these forward-looking statements, which reflect Aurionpro management's analysis only as of the date hereof.

2. Industry Trends and Developments:

Worldwide IT spending is on pace to total \$3.5 trillion in 2016-17, with a marginal rise (1.4%) from 2015-16, according to the latest forecast by Gartner, Inc. Analysts attribute this flat growth to the currency rate fluctuations. The analysts predict the overall IT spend to rise to the tune of \$ 3.7 trillion by 2020 with a growth of 2.1% CAGR. Despite the lackluster macro-economic scenario, there are several trends that augur positively for Aurionpro. In the areas that Aurionpro is looking to scale and grow such as Cybersecurity, Customer Experience, Digital Payments and Banking, the market outlook is positive giving ample opportunity for growth and expansion. The global market for Cybersecurity looks very promising. Companies will spend over \$120B in 2017 on security related technology investments, per market predictions. Analysts predict 12-15% growth year-on-year through 2021. Our product Isla is well poised to gain leadership market share as Gartner has predicted that over 50% of corporations worldwide will invest in browser security using Isolation technologies. Global market for Digital Customer Experience is forecast to grow from \$4.9 billion in 2016 to \$10.77 billion in 2020 giving significant opportunity to Aurionpro to increase market share. The market for Digital

Payments has exploded and is growing aggressively. Globally the mobile payments volume is seeking to exceed \$721.4 B by 2017. Global market for Identity and Access Management solutions is expected to grow from USD 7.20 billion in 2015 to \$12.78 billion by 2020, at an expected CAGR of 12.2%; while, the global cyber security market is estimated to grow from \$122.45 billion in 2016 to \$ 202.36 billion by 2021 at an estimated 10.6% CAGR.

3. Aurionpro Business Lines and Primary Offerings:

Aurionpro is a global technology solutions leader that helps clients accelerate digital innovation, securely and efficiently. We combine core domain expertise, thought leadership in innovation, security and leverage industry leading IP to deliver tangible business results for global corporations. We leverage cutting edge industry leading IP and products to design and solve challenges for clients in areas of Cybersecurity, Customer Experience and Transaction Banking. In addition, we also offer technology solutions for Logistics industry and Government PSUs in India.

The company is organized into three primary business lines:

1. Cybersecurity:

Today when the world has gone digital, CISOs and CIOs must balance the need to capitalize on the opportunity that 'digital' provides while eliminating business risk arising from malware threats and unauthorized access. We design and implement Cyber Security and Identity Management Solutions, bringing together cutting edge technology and industry expertise.

2. Digital Innovation:

We help clients de-risk innovation cycles and improve the speed of innovation. Using our frameworks and IP, clients can de-risk innovation cycles by eliminating execution risk, technology risk and time-to-market risk. Our offerings focus on helping enterprises that are already or going digital bring automation and high interactivity through digital solutions with their consumers in the areas of Branch Operations, Endpoint interactions and Customer Communications. We can help Banks and Enterprises elevate Customer Experience and deliver on the promise of the digital enterprise.

3. Banking Industry Solutions:

Our solutions for transaction banking represent best practices across the industry gathered through

more than 10 years of experience servicing well known banks in the ASEAN region. Our Banking Products and Solutions represent an ideal combination of rich domain and functional knowledge and cutting edge technical expertise. This reflects our "Solutions for bankers, by bankers" philosophy. Our team is led by dynamic ex-Bankers who are passionate about the success of our customers. Our proprietary engagement and implementation model is well accepted by multiple banks and we are proud of our perfect delivery track record.

4. Opportunities and Threats:

The IT industry in general has only been growing year on year, though growth has slowed in recent years. There continues to be guarded optimism about the state of IT spending in mature markets such as the US and Europe. The entire industry is caught in a dichotomy of opportunity and market forces. On one hand, businesses are digitally transforming themselves for the capitalizing on the digital wave sweeping the markets and economies. On the other hand, the industry traditional business models are being disrupted including the IT industry. Commoditization of services, lower cost of hardware and compute power is eroding the price parity and spending patterns of the past. Artificial Intelligence (AI), improved hardware capabilities in basic devices such as mobile, cloud and Internet of Things (IoT) are making superior user experiences available to almost everybody. Even large service providers are thus embracing the power of automation, IP and value added solutioning to penetrate newer opportunities. In this wake, Aurionpro, with its rich legacy of having been an IP-driven businesses is well poised to exploit market opportunities with compelling go to market advantage.

The consistent growth of core product lines and positive year over-year growth of these businesses outlines a robust business model and operational performance. There is visibility and indication that the coming year will continue to remain positive for revenue and margin growth.

This is due, in large part, to the company's unwavering focus on strengthening value through IP, its emphasis on building long lasting relationships with customers and partners, and investing in strengthening its products for the future.

Aurionpro's continued growth and expansion during FY 17-18 year will be determined by the following factors:

Simplify and Sharpen Focus

The management has decided to direct its attention, strategy and investments to grow Aurionpro to be a product centric company with leadership in three specific areas:

1. Cybersecurity – Aurionpro enjoys pole position as industry leader in Cybersecurity, especially Identity

and Access Management solutions and services. Last year, Cyberinc was launched as a dedicated subsidiary focused on cybersecurity. The company has since launch rolled out Isla, its flagship product to multiple new markets. It has also over the years, built tremendous expertise in deploying multiple engagements in Fine Grain Entitlements and launched its Cyberinc Entitlements Server in the last fiscal. With a global OEM partnership with HPE, Cyberinc will now roll out Isla aggressively in over 10 countries and build upon its market leadership in the coming fiscal.

2. Digital Innovation – The company already has a business of offering Kiosk & Communications based customer experience solutions for Banks and other leading corporations in India and Middle East. With newer product launches such as ACE (Aurionpro Customer Experience) platform and Virtual Teller Machine, the uniqueness and economic value of the products make them a compelling proposition to succeed in its markets.
3. Banking & Industry solutions – Aurionpro is a well-established leader in Transaction Banking with multiple industry leading banks in ASEAN Region already being Aurionpro customers. With the launch of the Treasury Services platform for Banks, Aurionpro will look to scaling to offer Global Transaction Banking solutions for banks and gain greater market traction for its Banking products.

Debt Reduction

The Aurionpro Executive Management team will continue to focus and accelerate aggressive Debt Reduction through operational optimization and efficiency building measures across the company.

Market Expansion

Aurionpro has grown over the last several years by acquiring and nurturing strong businesses. The attitude to scale through acquisitions will continue. While Aurionpro is global, there is ample scope for expansion of the acquired product lines to go fully global.

Market expansion will also be strengthened by improved focus on building independent brands that unlock stakeholder value and create brand recognition of the Cybersecurity, Innovation and Banking businesses.

Partner Ecosystem Development

Aurionpro's partners have always been viable catalysts in its growth. Investments in partners especially in Cybersecurity partners to sustain and continue growth of practice, capability and recognition amongst large corporations. Partners have acted as valuable referrals driving and positioning Aurionpro as an important partner of growth for Cybersecurity and Payments. Aurionpro will continue to expand its partnerships for Cybersecurity and other businesses to gain instant market coverage across

countries. Such investments and nurturing a partner ecosystem will put Aurionpro in a position of advantage to be able to service its clients' needs.

Client-centric Solutions depth

The IT solutions market has largely matured to become commoditized as strategic differentiators continue to erode and evade companies aiming to grow market share. This has driven players to adopt an IP driven approach to create stickiness and differentiation. Investing in IP also allows players to maintain price advantage versus offering services alone. Aurionpro enjoys a traditional culture of advantage having been a software and solutions player versus offering pure services. Globally, client demand augurs for a readymade solutions and IP while offering extreme customization in alignment with clients' present business and market needs. Aurionpro will be strengthening its product offerings by synergistically launching new product offerings to complement its exist set of IP based offerings.

Talent Retention

No business is strong without being able to build and leverage great talent to amplify the potential of its offerings. Aurionpro's sustained success has largely been attributed to its superior engineering teams that have consistently satisfied customers beyond their expectations. This is outlined by the numerous long and multi-year client relationships. To retain and nurture talent Aurionpro continues to adopt a culture of innovation, learning and contribution. An open and collaborative work environment where meritocracy and courage are rewarded is an important characteristic that marks the culture at Aurionpro. All structures and policies are designed to encourage employees to take advantage and solve real world business challenges through software and technology. Aurionpro's aim and endeavor has been to sustain its culture of continuous learning and leverage talent as the fundamental enabler of its business growth. This allows talent to grow and flourish even as they engage, amplify and accelerate value creation for clients and themselves.

5. Risks and Concerns

The IT industry is fiercely competitive and Aurionpro, like all vendors in the market, is subject to the inherent challenges, risks, and uncertainties over the normal course of business. A fluctuating geographic demand and constantly changing economic conditions, the company is susceptible to variations in our operational results and our financial performance. To limit the company's exposure to unavoidable and unforeseen factors, the Aurionpro Executive Management team has employed disciplined risk management strategies to deliver the highest returns possible to our shareholders and customers.

The chief risks and uncertainties facing the company's business include:

- Keeping pace with a rapidly advancing technology landscape: The technology landscape is evolving at a rapid pace and digital technologies are fast gaining adoption. The digital consumer is leading this change. For Aurionpro to maintain its ability to stay competitive in the market place, we need to invest significantly to keep our offerings and talent in alignment with market and client expectations. All industry players face the same challenges. Customer attrition and failure to attract new business may result if Aurionpro is not able to maintain its current level of innovation and product and service level execution. Aurionpro aims to adopt a positive and proactive stance by doing two things – firstly, to launch newer, more relevant product offerings to market and secondly, by improving upon its customer-centricity to be the partner of choice in areas such as digital innovation and Cybersecurity.
- Increasing competition: Aurionpro faces strong competition in the markets and industries it serves. Its biggest vertical of focus – Financial Services has strong competitors who seek to win over Aurionpro share of customer's budget. The most effective strategy has been to focus on providing exceptional customer experience and adopt a model of coowing the customer's business objectives and rally to deliver, exceed them. Aurionpro is also looking to expand its IP footprint creating differentiation that is not replaceable by competitors.
- Dependence on key personnel: Aurionpro operations are dependent upon the company's ability to attract and retain highly skilled individual contributors and managers. The loss of key individuals, especially to one of our competitors, could materially impact our business. We adopt a risk-reward model for all our top management and managers thereby creating additional incentives for them to drive the company's objectives forward.

6. Research and Development

Aurionpro continues to maintain healthy levels of R&D investments of our products as well as our service offerings, which include valuable IP components that help to accelerate delivery of software implementations. This investment is absolutely critical for Aurionpro to remain relevant and competitive in the markets we serve.

7. Future Outlook

While global economy continues to oscillate, and the IT market globally shows signs of slow growth, Aurinpro's prospects look positive considering the niche spaces it focuses and aspires to grow in. In the areas that Aurionpro is looking to scale and grow such as Customer Experience, Digital Payments and Cybersecurity, the market outlook is positive giving ample opportunity for growth and expansion.

Aurionpro will strive towards predictable, consistent and continuous growth by Simplifying and Sharpening its

focus on its core strengths and thereby unlocking shareholder value for its investors and business value for its customers.

9. Internal Control systems and their adequacy

Your Company has placed considerable emphasis and efforts on internal control systems. On the Finance part, the internal checks and balances are augmented by a formal system of internal audit. The Audit Committee of the Board reviews and will continue to review the adequacy and effectiveness of the internal control systems and suggest improvements for strengthening them. We also have a well-defined delegation of power with authority limits for approving revenue as well as expenditure.

The Company has reappointed M/s D. Kothary & Co. Chartered Accountant to oversee and carry out internal audit of the Company's activity. The audit is based on an

internal audit plan, which is reviewed each year in consultation with the statutory auditors (Chokshi & Chokshi LLP) and the audit committee. The planning and conduct of internal audit is oriented towards the review of controls in the management of risks and opportunities in our Company's activities. The internal audit process is designed to review the adequacy of internal control checks in the system and covers all significant areas of our operations such as software delivery, accounting and finance, procurement, employee engagement and IT process. Safeguarding of assets and their protection against unauthorised use are also a part of these exercise.

We have an audit committee, the details of which are provided in the Corporate Governance Report which reviews audit reports submitted by the auditors of our Company. The committee also meets our Company's statutory auditors to ascertain their views on the adequacy of internal control system in the Company and keeps the board of Directors informed of its major observation from time to time.

2. MATERIAL CHANGES & COMMITMENTS

SCHEME OF DEMERGER:

The Board of Directors of the Company has on 09th May, 2017 approved the scheme of arrangement for demerger of non-core businesses of Aurionpro Solutions Limited (hereinafter referred to as the "Aurionpro" or "Demerged Company") into Trejhara Solutions Limited ("Resulting Company" or "Trejhara"), a wholly owned subsidiary of Demerged Company.

The business divisions consisting of Enterprise Security, Digital Innovation, Banking & Fintech and Government Solutions, which are core business strengths (hereinafter referred to as "Core Business") of the Company. Aurionpro is also providing consulting services in these areas and has also developed IP which is available on cloud as SAAS (Software as a Service) and PAAS (Platform as a Service) models. These business divisions consist of Consulting, Interactive Customer Communication (Interact DX) and Supply Chain Solutions (Logistics), which are non-core business (hereinafter referred to as "Non-Core Business") of the Company.

The Core Businesses and Non-Core Business has distinct characteristics with different business models and are at a different maturity stages in their life cycles. The difference is not only in their revenue cycles but require different sales approach and methodologies, have varied technology skill sets & cash flow profiles. Thus, both the businesses have different risk profiles and growth opportunities and both of them have a distinct attractiveness to divergent set of investors. In order to unlock the true potential, the businesses would require undiluted management bandwidth to execute the respective vision. Therefore, it would be prudent that Non-Core Business may be transferred into a separate Company and whose shares would also be listed on the stock exchange after the demerger

The Scheme is subject to the approval of the shareholders in the National Company Law Tribunal ("the NCLT") convened meeting, sanction of the NCLT and such other approvals as may be required.

Apart from above, there are no material changes and commitments affecting the financial position of the Company which have

occurred between the end of financial year of the Company to which the financial statement relates and the date of this report.

3. DIVIDEND

The Board of Directors ("the Board") has recommended dividend at the rate of ₹ 1/- per equity share (10%) for the financial year ended 31st March, 2017.

The Company has a healthy order book and it is optimistic on certain opportunities which may further strengthen the order book. As a result, there may be an increased working capital requirement. Further, the Company will continue to focus on reducing the leverage. In this context, the Board of Directors has decided to be conservative and restrict dividend distribution at 10%.

The Members may approve the proposed dividend.

4. STATE OF COMPANY'S AFFAIRS

The management has focused on sharpening and strengthening three core businesses - Cybersecurity, Digital Innovation and Banking industry solutions. The businesses are so structured to give proper autonomy and empowerment to leaders leading the three core businesses. The year saw considerable consolidation based on the reorganization the previous year. Greater autonomy, empowerment of leaders to accelerate go to market while being accountable for business performance has enabled greater market penetration.

Aurionpro has also significantly invested in strengthening the company's infrastructure in markets as well as for its delivery capabilities through viable partnerships with global hardware companies, local channel partners and resellers. The entire sales operations operates out of [Salesforce.com](https://www.salesforce.com) system today, allowing for real-time view into sales pipeline, billing and revenue accrual with predictive business analytics. Company now uses Netsuite for consolidating all of its accounting across business units and has invested in Pardot as its Marketing Automation Tool. Delivery teams have been strengthened in India, USA and UK. Adding to its numerous technical and operational certifications, the company also sustained PCMM Level 5 certifications for its India and Security practices. The certifications enable it to provide the highest levels of security and predictability through mature delivery processes.

Navi Mumbai - 400701

I have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by **Aurionpro Solutions Limited** (hereinafter called the company). Secretarial Audit was conducted in a manner that provided me a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing my opinion thereon.

Based on my verification of the **Aurionpro Solutions Limited's** books, papers, minute books, forms and returns filed and other records maintained by the company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, I hereby report that in my opinion, the company has, during the audit period covering the financial year ended on 31, March 2017 ('Audit Period'), complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

I have examined the books, papers, minute books, forms and returns filed and other records maintained by **Aurionpro Solutions Limited** ("the Company") for the financial year ended on 31 March 2017, according to the provisions of:

- i. The Companies Act, 2013 (the Act) and the rules made there under;
- ii. The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the rules made there under;
- iii. The Depositories Act, 1996 and the Regulations and Bye-laws framed there under;
- iv. Foreign Exchange Management Act, 1999 and the rules and regulations made there under to the extent of Foreign Direct Investments and Overseas Direct Investment;
- v. The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act'):-
 - a. The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;
 - b. The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015;
 - c. The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2009;
 - d. The Securities and Exchange Board of India (share Based Employee Benefits) Regulations, 2014.
 - e. The Securities and Exchange Board of India (Issue and Listing of Debt Securities) Regulations, 2008;
 - f. The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with client;
 - g. The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2009;
 - h. The Securities and Exchange Board of India (Buyback of Securities) Regulations, 1998
- vi. I further report that, having regard to the compliance system prevailing in the Company and on examination of the relevant

documents and records in pursuance thereof, on test-check basis, the Company has complied with the other Laws applicable specifically to the Company as per representation given by the Company:

1) Information Technology Act, 2000

I have also examined compliance with the applicable clauses of the following:

- (i) Secretarial Standards issued by The Institute of Company Secretaries of India.
- (ii) The SEBI (Listing Obligation & Disclosure Requirements) Regulations, 2015 entered into by the Company with Stock Exchanges.

During the period under review the Company has complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards, etc. mentioned above.

I further report that

The composition of the Board of Directors is not in conformity with Regulation 17 of SEBI (Listing obligations and Disclosure Requirements) Regulations, 2015. The Management has informed that they are searching for suitable candidates who can be appointed as Independent Directors in order to ensure compliance with said regulation. Further, the Company is not having designated Chief Financial Officer, as per section 203 of the Companies Act, 2013. However, the management has informed that the Company has identified suitable candidate who would be appointed as the Chief Financial Officer.

Adequate notice is given to all directors to schedule the Board Meetings, agenda and detailed notes on agenda were sent at least seven days in advance, and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.

All decisions at Board Meetings and committee Meeting are carried out unanimously as recorded in the minutes of the meetings of the Board of directors or Committee of the Board as the case may be.

I further report that there are adequate systems and processes in the company commensurate with the size and operations of the company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.

I further report that during the audit period there were no events having major bearing on the Company's affairs in pursuance of the above referred laws, rules, regulations, guidelines, standards, etc.

Certificate on Corporate Governance

To,
The Members of Aurionpro Solutions Limited

We have examined the compliance of conditions of Corporate Governance by Aurionpro Solutions Limited ('the Company') for the year ended March 31, 2017 as stipulated on Securities and Exchange Board of India (Listing Obligations and disclosure Requirements) Regulation, 2015 ('Listing Regulations') as referred to in Regulation 15(2) of the Listing Regulations for the year ended March 31, 2017.

The compliance of conditions of Corporate Governance is the responsibility of the Management. Our examination was limited to procedures and implementation thereof, adopted by the Company for ensuring the compliance of the conditions of Corporate Governance. It is neither audit nor an expression of opinion on the financial statements of the Company.

In our opinion and to the best of our information and according to the explanations given to us, we certify that the Company has complied with the conditions of Corporate Governance as stipulated in the above mentioned Listing Regulations, subject to following observations:

The composition of the Board of Directors is not in conformity with Regulation 17 of SEBI (Listing obligations and Disclosure Requirements) Regulations, 2015. The Management has informed that they are searching for suitable candidates who can be appointed as Independent Directors in order to ensure compliance with said regulation. Further, the Company is not having designated Chief Financial Officer, as per section 203 of the Companies Act, 2013. However, the management has informed that the Company has identified suitable candidate who would be appointed as the Chief Financial Officer.

We further state that such compliance is neither an assurance as to the future viability of the Company nor the efficiency or effectiveness with which the Management has conducted the affairs of the Company.

Independent Auditors' Report

TO THE MEMBERS OF AURIONPRO SOLUTIONS LIMITED

Report on the Standalone Financial Statements:

We have audited the accompanying standalone financial statements of **AURIONPRO SOLUTIONS LIMITED** ("the Company"), which comprise the Balance Sheet as at March 31, 2017, the Statement of Profit and Loss, the Cash Flow Statement for the year then ended, and a summary of the significant accounting policies and other explanatory information ("the standalone financial statements").

The figures for the previous financial year ended March 31, 2016 have been audited by the then statutory auditors and their audit report furnished to us by the Management have been relied upon by us.

Management's Responsibility for the Standalone Financial Statements:

The Company's Board of Directors is responsible for the matters stated in the Section 134 (5) of the Companies Act, 2013 ("the Act") with respect to the preparation and presentation of these standalone financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with accounting principles generally accepted in India, including the Accounting Standards prescribed under Section 133 of the Act read with relevant rules issued thereunder.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility:

Our responsibility is to express an opinion on these standalone financial statements based on our audit.

We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder and the Order under Section 143 (11) of the Act.

We conducted our audit in accordance with the Standards on Auditing, issued by the Institute of Chartered Accountants of India, specified under Section 143 (10) of the Act. Those

Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial controls relevant to the Company's preparation of the financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by Company's Directors, as well as evaluating the overall presentation of the standalone financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Opinion:

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India of the state of affairs of the Company as at March 31, 2017, and its profit, and its cash flows for the year ended on that date.

Report on Other Legal and Regulatory Requirements:

- 1) As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of Section 143 (11) of the Act, we give in the "**Annexure A**", a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
- 2) As required by Section 143 (3) of the Act, we report that:
 - a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
 - b. In our opinion and to the best of our information and according to the explanations given to us, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
 - c. The Balance Sheet, the Statement of Profit and Loss, and the Cash Flow Statement dealt with by this Report are in agreement with the books of account;

- d. In our opinion, the aforesaid standalone financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with relevant rules;
- e. On the basis of the written representations received from the directors as on March 31, 2017 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2017 from being appointed as a director in terms of Section 164 (2) of the Act;
- f. With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "**Annexure B**" to this report. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting; and
- g. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditor's) Rules, 2014 as amended, in our opinion and to the best of our information and according to the explanations given to us:
- i. The Company has disclosed the impact of pending litigation on its financial position in its standalone financial statements. Refer Note No. 29 to the standalone financial statements;
- ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses;
- iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company; and

ANNEXURE B TO THE INDEPENDENT AUDITORS' REPORT**(Referred to in paragraph 2 (f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)****Report on the Internal Financial Controls under Section 143 (3) (i) of the Companies Act, 2013 ("the Act")**

We have audited the internal financial controls over financial reporting of **AURIONPRO SOLUTIONS LIMITED** ("the Company") as of March 31, 2017 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls:

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting ("the Guidance Note") issued by the Institute of Chartered Accountants of India ("the ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act

Auditors' Responsibility:

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, issued by the ICAI and specified under Section 143 (10) of the Act, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting:

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting:

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion:

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2017, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note issued by the ICAI.

Notes to the financial statements

for the year ended 31 March 2017

1. Background

Aurionpro Solutions Limited ('Aurionpro' or 'the Company') was incorporated on 31 October 1997 as a private limited company under the Companies Act, 1956. The Company was converted into public limited company with effect from 9 March 2005. The Company is engaged in the business of providing solutions in corporate banking, treasury, fraud prevention and risk management, internet banking, governance and compliance. The Company is a leading provider of intellectual property led Information Technology solutions for the banking and financial service insurance segments.

The Company also provides self-service technologies which enables financial institutions, utilities, telecom and government organizations to migrate, automate and manage customer facing business process to self-service channels.

2. Significant accounting policies

2.1 Basis of preparation of financial statements

The financial statements have been prepared and presented under the historical cost convention, on the accrual basis of accounting, in accordance with the accounting principles generally accepted in India ('Indian GAAP') and comply with the Accounting Standards prescribed under Section 133 of the Companies Act, 2013 ('the Act') read with Rule 7 of the Companies (Accounts) Rules, 2014 and other relevant provisions of the Act, to the extent notified and applicable. Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use. The financial statements are presented in Indian Rupees rounded off to the nearest lakhs upto two decimals except earnings per share data and where mentioned otherwise.

2.2 Use of estimates

The preparation of financial statements in conformity with Indian GAAP requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and the disclosures of contingent liabilities at the end of reporting period. Management believes that the estimates used in the preparation of the financial statements are prudent and reasonable. Future results could differ from these estimates. Any revision to accounting estimates is recognized prospectively in current and future periods.

2.3 Current / Non-current classification

Any asset or liability is classified as current if it satisfies any of the following conditions:

- i. it is expected to be realized or settled or is intended for sale or consumption in the company's normal operating cycle;
- ii. it is expected to be realized or settled within twelve months from the reporting date;

iii. in the case of an asset,

- It is held primary for the purpose of being traded; or
- It is cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least twelve months after the reporting date

iv. in the case of a liability, the Company does not have an unconditional right to defer settlement of the liability for at least twelve months from the reporting date.

All other assets and liabilities are classified as non-current.

For the purpose of current /non-current classification of assets and liabilities, the Company has ascertained its normal operating cycle as twelve months. This is based on the nature of services and the time between the acquisition of assets or inventories for processing and their realization in cash and cash equivalents.

2.4 Revenue recognition

Revenue from software development and consulting services is recognized either on time and material basis or fixed price basis, as the case may be. Revenue on time and material contracts is recognized as and when the related services are performed. Revenue on fixed price contracts is recognized on the percentage of completion method under which the sales value of performance, including earnings thereon, is recognized on the basis of cost incurred in respect of each contract as a proportion of total cost expected to be incurred.

Revenue from sale of licenses of software products and other products/equipments is recognized on transfer of title to the customer. Maintenance revenue in respect of software products and other products/equipments is recognized on pro rata basis over the period of the underlying maintenance agreement. Revenue is net of excise duty, taxes, rebates and discounts.

Revenue from leasing income is recognised on pro-rata basis over the period of the contract.

Unbilled receivables represent costs incurred and revenues recognised on contracts to be billed in subsequent periods as per the terms of the contract.

Income received in advance represents contractual billings/money received in excess of revenue recognized as per the terms of the contract.

Dividend income is recognised when the Company's right to receive payment is established.

Interest income is recognised on a time proportion basis taking into account the amount outstanding and the interest rate applicable.

2.5 Property, Plant and Equipment and depreciation/ amortisation

Property, Plant and Equipment are carried at cost of acquisition or construction less accumulated depreciation and/or accumulated impairment loss, if any. The cost of Property, Plant and Equipment comprises of its purchase price, including import duties and other non-refundable taxes or levies and any directly attributable cost of bringing the asset to its working condition for its intended use; any trade discounts and rebates are deducted in arriving at the purchase price.

Subsequent expenditures related to an item of Property, Plant and Equipment are added to its book value only if they increase the future benefits from the existing asset beyond its previously assessed standard of performance.

Advances paid/expenditure incurred on acquisition/construction of Property, Plant and Equipment which are not ready for their intended use at each balance sheet date are disclosed under loans and advances on capital account or capital work-in progress respectively.

Profit or loss on disposal of Property, Plant and Equipment is recognised in the Statement of Profit and Loss. Property, Plant and Equipment retired from active use and held for disposal are stated at the lower of their net book value and net realisable value and are disclosed separately under 'Other current assets'. Any expected loss is recognized immediately in the Statement of Profit and Loss.

Intangible assets

Intangible assets comprises of goodwill on amalgamation in the nature of merger and computer software acquired separately and are recognised when the asset is identifiable, is within the control of the Company, it is probable that the future economic benefits that are attributable to the asset will flow to the Company and cost of the asset can be reliably measured. Following initial recognition, intangible assets are carried at cost less accumulated amortisation and accumulated impairment loss, if any. Profit and loss on disposal of intangible assets is recognised in the Statement of Profit and Loss.

Depreciation and amortisation

Depreciation on Property, Plant and Equipment, except Computers, Plant and machinery and Leasehold improvements is provided using the Straight Line Method based on the useful lives of the assets as estimated by the management and is charged to the Statement of Profit and Loss as per the requirement of Schedule II of the Act.

The residual value, useful life and method of depreciation of an asset is reviewed at each financial year end and adjusted prospectively.

For class of assets categorised under "Computers", based on internal assessment and independent technical evaluation carried out by external valuers, the management believes that useful life of 6 years best represents the period over which management expects to use these assets. Hence, the useful life of Computers is different from the useful life as prescribed under Part 'C' of Schedule II of the Act.

For class of assets categorised under "Plant and machinery", the management on internal assessment believes that useful life of 5 years best represent the period over which management expects to use these assets. Hence, the useful life of Plant and machinery is different from the useful life as

prescribed under Part 'C' of Schedule II of the Act.

Leasehold improvements are amortized over the period of lease term or useful life, whichever is lower.

Individual assets costing up to Rupees five thousand are depreciated in full in the period of purchase.

Intangible assets are amortised on a Straight Line basis over the estimated useful economic life.

Goodwill on merger is amortised over a period of 5 years or estimated useful life, whichever is shorter.

Software is amortised over a period of 5 years or over license period, whichever is lower.

2.6 Impairment of assets

The Company assesses at each Balance Sheet date whether there is any indication that an asset may be impaired. If any such indication exists, the Company estimates the recoverable amount of the asset. The recoverable amount is the greater of the net selling price and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value based on an appropriate discount factor. If such recoverable amount of the asset or the recoverable amount of the cash generating unit to which the asset belongs is less than its carrying amount, the carrying amount is reduced to its recoverable amount. The reduction is treated as an impairment loss and is recognized in the Statement of Profit and Loss. If at the Balance Sheet date, there is an indication that a previously assessed impairment loss no longer exists, the recoverable amount is reassessed and the asset is reflected at the recoverable amount subject to a maximum of depreciable historical cost.

Value in use is the present value of estimated future cash flows expected to arise from the continuing use of the assets and from its disposal at the end of its useful life.

2.7 Inventories

Inventories include traded goods and are valued at lower of cost or net realisable value. Cost of inventories comprises all costs of purchase and other costs incurred in bringing the inventory to their present location and condition. Cost is determined on the first-in, first-out (FIFO) basis. The comparison of cost and net realisable value is made on item by item basis.

2.8 Lease

Operating lease

Lease payments under operating lease are recognised as an expense in the Statement of Profit and Loss on a straight-line basis over the lease term.

Assets given by the Company under operating lease are included in Property, Plant and Equipment. Lease income from operating leases is recognised in the Statement of Profit and Loss on a straight line basis over the lease term unless another systematic basis is more representative of the time pattern in which benefit derived from the leased asset is diminished. Costs, including depreciation, incurred in earning the lease income are recognised as expenses. Initial direct costs incurred specifically for an operating lease are deferred and recognised in the Statement of Profit and Loss over the lease term in proportion to the recognition of lease income.

Finance lease

Assets given out on finance lease are shown as amounts recoverable from the lessee. The rentals received on such leases are apportioned between the finance charge / (income) and principal amount using the implicit rate of return. The finance charge / (income) is recognised as income, and principal received is reduced from the amount receivable. All initial direct costs incurred are included in the cost of the asset.

2.9 Investments

Investments are classified into current and long-term investments. Investments that are readily realisable and intended to be held for not more than a year from the date of acquisition are classified as current investments. All other investments are classified as long-term investments. However, that part of long-term investments which are expected to be realised within twelve months from Balance Sheet date is also presented under "Current investments" as "Current portion of long-term investments" in consonance with the current/non-current classification scheme of Schedule III of the Act.

Current investments are carried at the lower of cost and fair value. The comparison of cost and fair value is done separately in respect of each category of investments. Any reduction in the carrying amount and any reversals of such reductions are charged to the Statement of Profit and Loss.

Long-term investments (including current portion thereof) are carried at cost. A provision for diminution in the value of long-term investments is made only if such a decline is other than temporary in the opinion of the management.

On disposal of an investment, the difference between its carrying amount and net disposal proceeds is recognized in the Statement of Profit and Loss.

2.10 Taxation

Income-tax expense comprises of current income -tax and deferred tax charge or credit.

Current tax

Provision for current income-tax is recognised in accordance with the provisions of Income-tax Act, 1961 and is made annually based on the tax liability computed after taking credit for tax allowances and exemptions.

Deferred tax

Deferred tax assets and liabilities are recognized for the future tax consequences attributable to timing differences that result from differences between the profits offered for income taxes and the profits as per the financial statements. Deferred tax assets and liabilities and the corresponding deferred tax credit or charge are measured using the tax rates and the tax laws that have been enacted or substantively enacted at the Balance Sheet date. The effect of a change in tax rates on deferred tax assets and liabilities is recognised in the period that includes the enactment date. Deferred tax assets are recognised only to the extent there is reasonable certainty that the assets can be realized in the future; however, where there is unabsorbed depreciation or carried forward loss under taxation laws, deferred tax assets are recognised only if there is virtual certainty of realisation of

such assets. Deferred tax assets are reviewed as at each Balance Sheet date to reassess realisation. The Company has operations in Special Economic Zones (SEZ). Income from SEZ is eligible for 100% deduction for the first five years, 50% deduction for next five years and 50% deduction of the ploughed back export profit for next five years, subject to fulfilling certain conditions. In this regard, the Company recognises deferred taxes in respect of those originating timing differences which reverse after the tax holiday period resulting in tax consequences.

Timing differences which originate and reverse within the tax holiday period do not result in tax consequence and, therefore, no deferred taxes are recognised in respect of the same.

Minimum alternate tax

Minimum alternate tax ('MAT') under the provisions of Income-tax Act, 1961 is recognised as current tax in the Statement of Profit and Loss. The credit available under the Act in respect of MAT paid is recognised as an asset only when and to the extent there is convincing evidence that the company will pay normal income-tax during the period for which the MAT credit can be carried forward for set-off against the normal tax liability. MAT credit recognised as an asset is reviewed at each Balance Sheet date and written-down to the extent the aforesaid convincing evidence no longer exists.

2.11 Foreign currency transactions

Transactions in foreign currency are recorded at the exchange rate prevailing on the date of transactions. Net exchange gain or loss resulting in respect of foreign exchange transactions settled during the year is recognized in the Statement of Profit and Loss.

Monetary assets and liabilities in foreign currency which are outstanding as at the year-end, are translated at the year-end at the closing exchange rate and the resultant exchange differences are recognized in the Statement of Profit and Loss. Non-monetary foreign currency items are carried at cost.

2.12 Foreign currency translation

The financial statements are reported in Indian Rupees. The translation of the local currency of each integral foreign entity into Indian Rupees is performed in respect of assets and liabilities other than fixed assets, using the exchange rate in effect at the Balance Sheet date and for revenue and expense items other than the depreciation costs, using average exchange rate during the reporting period. Fixed assets of integral foreign operations are translated at exchange rates on the date of the transaction and depreciation on fixed assets is translated at exchange rates used for translation of the underlying fixed assets. The resultant exchange differences are recognized in the Statement of Profit and Loss.

2.13 Employee benefits

Short-term employee benefits

Employee benefits payable wholly within twelve months of availing employee service are classified as short-term employee benefits. This benefits includes salaries and wages, bonus and ex- gratia. The undiscounted amount of

short-term employee benefits to be paid in exchange of employees services are recognised in the period in which the employee renders the related service.

Post employment benefits

Defined contribution plans

A defined contribution plan is a post-employment benefit plan under which an entity pays specified contributions to a separate entity and has no obligation to pay any further amounts. The Company makes specified monthly contributions towards Provident Fund and Employees State Insurance Corporation ('ESIC'). The Company's contribution is recognised as an expense in the Statement of Profit and Loss during the period in which employee renders the related service.

Defined benefit plan

The Company's gratuity benefit scheme is a defined benefit plan. The Company's net obligation in respect of a defined benefit plan is calculated by estimating the amount of future benefit that employees have earned in return for their service in the current and prior periods; that benefit is discounted to determine its present value, and the fair value of any plan assets is deducted.

The present value of the obligation under such defined benefit plan is determined based on actuarial valuation using the Projected Unit Credit Method, which recognizes each period of service as giving rise to additional unit of employee benefit entitlement and measures each unit separately to build up the final obligation.

The obligation is measured at the present value of the estimated future cash flows. The discount rates used for determining the present value of the obligation under defined benefit plan, are based on the market yields on Government securities as at the Balance Sheet date.

When the calculation results in a benefit to the Company, the recognised asset is limited to the net total of any unrecognised actuarial losses and past service costs and the present value of any future refunds from the plan or reductions in future contributions to the plan.

Actuarial gains and losses are recognised immediately in the Statement of Profit and Loss.

Other long-term employment benefits

Compensated absences

Compensated absences including leave encashment, which are not expected to occur within twelve months after the end of the period in which the employee renders the related services, are recognized as a liability at the present value of the defined benefit obligation at the Balance Sheet date as determined by independent actuary based on Projected Unit Credit Method. The discount rates used for determining the present value of the obligation under other long-term employment benefits plan, are based on the market yields on Government securities as at the Balance Sheet date. Actuarial gains and losses are recognised immediately in the Statement of Profit and Loss.

2.14 Employee's Stock Options Plan

In respect of stock options granted pursuant to the Company's Employee Stock Option Scheme ('ESOS'), the intrinsic value of the options (excess of market price of the share over the exercise price of the option) is treated as discount and accounted as employee compensation cost over the vesting period in accordance with the Securities and Exchange Board of India ('SEBI') (Share Based Employee Benefits) Regulations, 2014 and the Guidance note on Employee Share Based Payments issued by the Institute of Chartered Accountants of India, as amended from time to time.

2.15 Earnings per share (EPS)

Basic EPS is computed by dividing the net profit attributable to the equity shareholders for the year by the weighted average number of equity shares outstanding during the reporting year.

Diluted EPS is computed by dividing the net profit attributable to the equity shareholders for the year using the weighted average number of equity and dilutive equity equivalent shares outstanding during the year, except where the results would be anti-dilutive.

2.16 Provisions and contingent liabilities

The Company creates a provision where there is present obligation as a result of a past event that probably requires an outflow of resources and a reliable estimate can be made of the amount of the obligation. A disclosure for a contingent liability is made when there is a possible or a present obligation that may, but probably will not require an outflow of resources. When there is a possible obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made. Contingent assets are not recognized in the financial statements.

2.17 Cash Flow Statements

Cash flows are reported using the indirect method, whereby profit before tax is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated.

2.18 Cash and cash equivalents

Cash and cash equivalents comprise cash and cash on deposit with banks and corporations. The Company considers all highly liquid investments with a remaining maturity at the date of purchase of three months or less and that are readily convertible to known amounts of cash to be cash equivalents.

Independent Auditors' Report

TO THE MEMBERS OF AURIONPRO SOLUTIONS LIMITED Report on the Consolidated Financial Statements

We have audited the accompanying consolidated financial statements of **AURIONPRO SOLUTIONS LIMITED** ("the Holding Company") and its subsidiaries (the Holding Company and its subsidiaries together referred to as "the Group"), which comprise of the Consolidated Balance Sheet as at March 31, 2017, the Consolidated Statement of Profit and Loss, Consolidated Cash Flow Statement for the year then ended, and a summary of the significant accounting policies and other explanatory information ("the consolidated financial statements").

The figures for the previous financial year ended March 31, 2016 have been audited by the then statutory auditors and their audit report furnished to us by the Management have been relied upon by us.

Management's Responsibility for the Consolidated Financial Statements

The Holding Company's Board of Directors is responsible for the preparation of these consolidated financial statements in terms of the requirement of the Companies Act, 2013 ("the Act") that give a true and fair view of the consolidated financial position, consolidated financial performance and consolidated cash flows of the Group in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act read with relevant rules issued thereunder. The respective Board of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Board of Directors of the Holding Company, as aforesaid.

Auditor's Responsibility

Our responsibility is to express an opinion on the consolidated financial statements based on our audit. While conducting the audit, we have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143 (10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the consolidated financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Holding Company's preparation of the consolidated financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Holding Company's Board of Directors, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence obtained by us and the audit evidence obtained by the other auditors in terms of their reports referred to in sub-paragraph (a) of the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, and based on the consideration of reports of other auditors on separate financial statements of subsidiaries noted below the aforesaid consolidated financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at March 31, 2017, and their consolidated profit and their consolidated cash flows for the year ended on that date.

ANNEXURE A TO THE INDEPENDENT AUDITORS' REPORT

(Referred to in paragraph 1(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Report on the Internal Financial Controls under Section 143 (3) (i) of the Companies Act, 2013 ("the Act")

In conjunction with our audit of the consolidated financial statements of **AURIONPRO SOLUTIONS LIMITED** ("the Holding Company") as of and for the year ended March 31, 2017 we have audited the internal financial controls over financial reporting of the Holding Company as of that date.

Management's Responsibility for Internal Financial Controls

The respective Board of Directors of the Holding Company, its subsidiary companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the respective companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting ("the Guidance Note") issued by the Institute of Chartered Accountants of India ("the ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, issued by the ICAI and deemed to be prescribed under Section 143 (10) of the Act, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and audit evidence obtained by other auditors of subsidiary companies in terms of their report referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion to the best of our information and according to the explanations given to us, the Holding company and its subsidiary companies incorporated in India, have in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2017, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note issued by the ICAI.

Other Matters

Our aforesaid report under Section 143 (3) (i) of the Act on the adequacy and operating effectiveness of the internal financial controls over financial reporting in so far as it relates to the subsidiaries, which are companies incorporated in India, is based on the corresponding report of the auditors of such companies incorporated in India.

2. Significant accounting policies

2.1 Basis of consolidation

These consolidated financial statements of Aurionpro solutions Limited and its subsidiaries (as listed in Note 1 above) (collectively 'the Group') have been prepared and presented under the historical cost convention, on the accrual basis of accounting in accordance with the accounting principles generally accepted in India ('Indian GAAP') and comply with the Accounting Standards prescribed under Section 133 of the Companies Act, 2013 ('the Act'), read with Rule 7 of the Companies (Accounts) Rules, 2014 and other relevant provisions of the Act, to the extent notified and applicable. Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use. The consolidated financial statements are presented in Indian Rupees rounded off to the nearest lakhs upto two decimals except earnings per share data and where mentioned otherwise.

2.2 Principles of consolidation

- The consolidated financial statements have been prepared in accordance with the principles and procedures required for the preparation and presentation of consolidated financial statements as laid down under the Accounting Standard (AS) 21- 'Consolidated Financial Statements'.

b) The financial statements of the group have been combined to the extent possible on a line by line basis by adding together like items of assets, liabilities, income and expenses. The results of subsidiaries acquired or disposed off during the year are included in the consolidated Statement of Profit and Loss from the effective date of acquisition or up to the effective date of disposal, as appropriate. All significant intra group balances and transactions have been eliminated on consolidation. The amounts shown in respect of reserves comprise the amount of the relevant reserves as per the Balance Sheet of the Company and its share in the post – acquisition increase in the relevant reserves of the subsidiaries/joint ventures.

c) The excess of cost to the Group of its investments in subsidiaries over its share of the equity of the subsidiaries at the date on which the investment in the subsidiaries are made, is recognized as "Goodwill on Consolidation" being an asset in the consolidated financial statements. Alternatively, where the share of equity in the subsidiary companies as on the date of the investment is in excess of cost of investment of the Company, it is recognized as "Capital reserve" and shown under the head "Reserves and surplus", in the consolidated financial statements. Impact of currency translation on such "Goodwill" and "Capital reserve" is adjusted in the respective carrying amounts. The unamortized carrying value of goodwill is tested for impairment as at each Balance Sheet date. For the purpose of impairment testing, goodwill is allocated to each of the Group's cash-generating units that are expected to benefit from the synergies of the business combination. Cash-generating units to which goodwill has been allocated are tested for impairment annually, or more frequently when there is an indication that the unit may be impaired. If the recoverable amount of the cash-generating unit is less than the carrying amount of the unit, the impairment loss is allocated first to reduce the carrying amount of any goodwill allocated to the unit and then to the other assets of the unit pro-rata on the basis of the carrying amount of each asset in the unit. An impairment loss recognised in goodwill is not reversed in a subsequent period.

On disposal of cash-generating unit, the attributable amount of goodwill is included in the determination of the profit or loss on disposal.

d) The consolidated financial statements are reported in Indian Rupees. The translation of the local currency of each Integral foreign operation into Indian Rupees is performed in respect of assets and liabilities other than fixed assets, using the exchange rate in effect at the balance sheet date and for revenue and expense items other than the depreciation costs, using average exchange rate during the reporting period. Fixed assets of integral foreign operations are translated at exchange rates on the date of the transaction and depreciation on fixed assets is translated at exchange rates used for translation of the underlying fixed assets.

In respect of non-integral subsidiaries/entities, assets and liabilities including fixed assets are translated at exchange rates prevailing at the date of the balance sheet. The items in the Consolidated Statement of Profit and Loss are translated at the average exchange rate

during the year. Goodwill arising on the acquisition of non-integral operation is translated at exchange rates prevailing at the date of the balance sheet. The difference arising out of the translations are transferred to exchange difference on consolidation of non-integral subsidiaries/entities under Reserves and surplus.

- e) Minority interest in the net income and net assets of the consolidated financial statements are computed and shown separately. Losses applicable to minority in excess of the minority's interest in the subsidiary's equity are allocated against the interests of the group.
- f) As far as possible, the consolidated financial statements have been prepared using uniform accounting policies for like transactions and other events in similar circumstances and are presented to the extent possible, in the same manner as the Company's financial statements.
- g) Investments other than in subsidiaries, associates and joint ventures are accounted as per the Accounting Standard (AS) - 13 "Accounting for Investments".

2.3 Use of estimates

The preparation of financial statements in conformity with Indian GAAP requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and the disclosures of contingent liabilities at the end of reporting period. Management believes that the estimates used in the preparation of the financial statements are prudent and reasonable. Future results could differ from these estimates. Any revision to accounting estimates is recognized prospectively in current and future periods.

2.4 Current / Non-current classification

Any asset or liability is classified as current if it satisfies any of the following conditions:

- i. it is expected to be realized or settled or is intended for sale or consumption in the company's normal operating cycle;
- ii. it is expected to be realized or settled within twelve months from the reporting date;
- iii. in the case of an asset,
 - It is held primary for the purpose of being traded; or
 - It is cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least twelve months after the reporting date
- iv. in the case of a liability, the Company does not have an unconditional right to defer settlement of the liability for at least twelve months from the reporting date.

All other assets and liabilities are classified as non-current.

For the purpose of current /non-current classification of assets and liabilities, all the Group Companies have ascertained their normal operating cycle as twelve months. This is based on the nature of services and the time between

the acquisition of assets or inventories for processing and their realization in cash and cash equivalents.

2.5 Revenue recognition

Revenue from software development and consulting services is recognized either on time and material basis or on fixed price basis, as the case may be. Revenue on time and material contracts is recognized as and when the related services are performed. Revenue on fixed price contracts is recognized on the percentage of completion method under which the sales value of performance, including earnings thereon, is recognized on the basis of cost incurred in respect of each contract as a proportion of total cost expected to be incurred.

Revenue from sale of licenses of software products and other products is recognized on transfer of title to the customer. Maintenance revenue in respect of software products and other products/equipments is recognized on pro rata basis over the period of the underlying maintenance agreement. Revenue is net of excise duty, taxes, rebates and discounts.

Revenue from business process outsourcing services comprises from both time based and unit price client contracts. Revenue from time and unit price based contracts is recognised as services are rendered and is billed in accordance with the contractual terms specified in the customer contracts.

Revenue from leasing income is recognised on pro-rata basis over the period of the contract.

Unbilled revenue represent costs incurred and revenues recognised on contracts to be billed in subsequent periods as per the terms of the contract.

Income received in advance represents contractual billings/money received in excess of revenue recognized as per the terms of the contract.

Dividend income is recognized when the Group's right to receive payment is established.

Interest income is recognized on a time proportion basis taking into account the amount outstanding and the interest rate applicable.

2.6 Property, Plant and Equipment and depreciation/ amortisation

Property, Plant and Equipment

Property, Plant and Equipment are carried at cost of acquisition or construction less accumulated depreciation and/or accumulated impairment loss, if any. The cost of Property, Plant and Equipment comprises of its purchase price, including import duties and other non-refundable taxes or levies and any directly attributable cost of bringing the asset to its working condition for its intended use; any trade discounts and rebates are deducted in arriving at the purchase price.

Subsequent expenditures related to an item of Property, Plant and Equipment are added to its book value only if they increase the future benefits from the existing asset beyond its previously assessed standard of performance.

Advances paid/expenditure incurred on acquisition/ construction of Property, Plant and Equipment which are not ready for their intended use at each balance sheet date are disclosed under loans and advances on capital account or capital work-in progress respectively.

Profit or loss on disposal of Property, Plant and Equipment is recognised in the Consolidated Statement of Profit and Loss. Property, Plant and Equipment retired from active use and held for disposal are stated at the lower of their net book value and net realisable value and are disclosed separately under 'Other current assets'. Any expected loss is recognized immediately in the Consolidated Statement of Profit and Loss.

Intangible assets

Intangible assets comprises of goodwill and computer software acquired separately and are recognised when the asset is identifiable, is within the control of the Company, it is probable that the future economic benefits that are attributable to the asset will flow to the Company and cost of the asset can be reliably measured. Following initial recognition, intangible assets are carried at cost less accumulated amortisation and accumulated impairment loss, if any. Profit and loss on disposal of intangible assets is recognised in the Consolidated Statement of Profit and Loss.

Intangible assets also includes software product development costs which are expensed as incurred during the research phase until technological feasibility is established. Software development costs incurred subsequent to the achievement of technological feasibility are capitalised and amortised over the estimated useful life of the products as determined by the management. This capitalisation is done only if there is an intention and ability to complete the product, the product is likely to generate future economic benefits, adequate resources to complete the product are available and such expenses can be accurately measured. Such software development costs comprise expenditure that can be directly attributed, or allocated on a reasonable and consistent basis, to the development of the product.

Depreciation and amortisation

Depreciation on Property, Plant and Equipment, except Computers, Plant and machinery and Leasehold improvements is provided using the Straight Line Method based on the useful lives of the assets as estimated by the management and is charged to the Consolidated Statement of Profit and Loss as per the requirement of Schedule II of the Act.

The residual value, useful life and method of depreciation of an asset is reviewed at each financial year end and adjusted prospectively.

For class of assets categorised under "Computers", based on internal assessment and independent technical evaluation carried out by external valuers, the management believes that useful life of 6 years best represents the period over which management expects to use these assets. Hence, the useful life of Computers is different from the useful life as prescribed under Part 'C' of Schedule II of the Act.

For class of assets categorised under "Plant and machinery",

the management on internal assessment believes that useful life of 5 years best represent the period over which management expects to use these assets. Hence, the useful life of Plant and machinery is different from the useful life as prescribed under Part 'C' of Schedule II of the Act.

Leasehold improvements are amortized over the period of lease term or useful life, whichever is lower.

Individual assets costing up to Rupees five thousand are depreciated in full in the period of purchase.

Intangible assets are amortised on a Straight Line basis over the estimated useful economic life.

Goodwill is amortised over a period of 5 years or estimated useful life, whichever is shorter.

Software is amortised over a period of 5 years or over license period, whichever is lower.

2.7 Impairment of assets

The Group assesses at each Balance Sheet date whether there is any indication that an asset may be impaired. If any such indication exists, the Group estimates the recoverable amount of the asset. The recoverable amount is the greater of the net selling price and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value based on an appropriate discount factor. If such recoverable amount of the asset or the recoverable amount of the cash generating unit to which the asset belongs is less than its carrying amount, the carrying amount is reduced to its recoverable amount. The reduction is treated as an impairment loss and is recognized in the Consolidated Statement of Profit and Loss. If at the Balance Sheet date, there is an indication that a previously assessed impairment loss no longer exists, the recoverable amount is reassessed and the asset is reflected at the recoverable amount subject to a maximum of depreciable historical cost.

Value in use is the present value of estimated future cash flows expected to arise from the continuing use of the assets and from its disposal at the end of its useful life.

2.8 Inventories

Inventories include traded goods and are valued at lower of cost and net realisable value. Cost of inventories comprises all costs of purchase and other costs incurred in bringing the inventory to their present location and condition. Cost is determined on the first-in, first-out (FIFO) basis. The comparison of cost and net realisable value is made on item by item basis.

2.9 Lease

Operating lease

Lease payments under operating lease are recognised as an expense in the Consolidated Statement of Profit and Loss on a straight-line basis over the lease term.

Assets given by the Group under operating lease are included in Property, Plant and Equipment. Lease income from operating leases is recognised in the Consolidated Statement of Profit and Loss on a straight line basis over the

lease term unless another systematic basis is more representative of the time pattern in which benefit derived from the leased asset is diminished. Costs, including depreciation, incurred in earning the lease income are recognised as expenses. Initial direct costs incurred specifically for an operating lease are deferred and recognised in the Consolidated Statement of Profit and Loss over the lease term in proportion to the recognition of lease income.

Finance lease

Assets given out on finance lease are shown as amounts recoverable from the lessee. The rentals received on such leases are apportioned between the finance charge / (income) and principal amount using the implicit rate of return. The finance charge / (income) is recognised as income, and principal received is reduced from the amount receivable. All initial direct costs incurred are included in the cost of the asset.

2.10 Investments

Investments are classified into current and long-term investments. Investments that are readily realisable and intended to be held for not more than a year from the date of acquisition are classified as current investments. All other investments are classified as long-term investments. However, that part of long-term investments which are expected to be realised within twelve months from balance sheet date is also presented under "Current investments" under "Current portion of long-term investments" in consonance with the current/non-current classification of Schedule III of the Act.

Current investments are carried at the lower of cost and fair value. The comparison of cost and fair value is done separately in respect of each category of investments. Any reduction in the carrying amount and any reversals of such reductions are charged to the Consolidated Statement of Profit and Loss.

Long-term investments (including current portion thereof) are carried at cost. A provision for diminution in the value of long-term investments is made only if such a decline is other than temporary in the opinion of the management.

On disposal of an investment, the difference between its carrying amount and net disposal proceeds is recognized in the Consolidated Statement of Profit and Loss.

2.11 Taxation

Income-tax expense comprises of current tax expense and deferred tax expense or credit.

Current taxes

Provision for current income-tax is recognised in accordance with the tax laws applicable to the respective companies and is made annually based on the tax liability computed after taking credit for tax allowances and exemptions.

Deferred taxes

Deferred tax assets and liabilities are recognized for the future tax consequences attributable to timing differences

that result from differences between the profits offered for income taxes and the profits as per the financial statements. Deferred tax assets and liabilities and the corresponding deferred tax credit or charge are measured using the tax rates and the tax laws that have been enacted or substantively enacted at the balance sheet date. The effect of a change in tax rates on deferred tax assets and liabilities is recognised in the period that includes the enactment date. Deferred tax assets are recognised only to the extent there is reasonable certainty that the assets can be realized in the future; however, where there is unabsorbed depreciation or carried forward loss under taxation laws, deferred tax assets are recognised only if there is virtual certainty of realisation of such assets. Deferred tax assets are reviewed as at each balance sheet date to reassess realisation.

The deferred tax assets (net) and deferred tax liabilities (net) are determined separately for the Company and each subsidiary company, as per their applicable laws and then aggregated.

The Company has operations in Special Economic Zones (SEZ). Income from SEZ is eligible for 100% deduction for the first five years, 50% deduction for next five years and 50% deduction of the ploughed back export profit for next five years, subject to fulfilling certain conditions. In this regard, the Company recognises deferred taxes in respect of those originating timing differences which reverse after the tax holiday period resulting in tax consequences. Timing differences which originate and reverse within the tax holiday period do not result in tax consequence and, therefore, no deferred taxes are recognised in respect of the same.

Minimum alternate tax

Minimum alternate tax ('MAT') under the provisions of Income-tax Act, 1961 is recognised as current tax in the Consolidated Statement of Profit and Loss. The credit available under the Income-tax Act, 1961 in respect of MAT paid is recognised as an asset only when and to the extent there is convincing evidence that the Group will pay normal income-tax during the period for which the MAT credit can be carried forward for set-off against the normal tax liability. MAT credit recognised as an asset is reviewed at each balance sheet date and written-down to the extent the aforesaid convincing evidence no longer exists.

2.12 Foreign currency transactions

Transactions in foreign currency are recorded at the exchange rate prevailing on the date of transaction. Net exchange gain or loss resulting in respect of foreign exchange transactions settled during the period is recognized in the Consolidated Statement of Profit and Loss of the year.

Monetary assets and liabilities in foreign currency, which are outstanding as at the year-end, are translated at the year-end at the closing exchange rate and the resultant exchange differences are recognized in the Consolidated Statement of Profit and Loss. Non-monetary foreign currency items are carried at cost.

2.13 Employee benefits

Short-term employee benefits

Employee benefits payable wholly within twelve months of availing employee service are classified as short-term employee benefits. This benefits includes salaries and wages, bonus and ex- gratia. The undiscounted amount of short-term employee benefits to be paid in exchange of employees services are recognised in the period in which the employee renders the related service.

Post-employment benefits

Defined contribution plans

In accordance with Indian regulations, all employees of the Indian entities receive employee benefits in the form of Provident Fund and Employees' State Insurance which are a defined contribution plan and the contributions are charged to the Consolidated Statement of Profit and Loss of the year when such contribution to such funds is due. In respect of overseas entities, the Group's contribution towards defined contribution benefit plan is accrued in compliance with the domestic laws of the country in which the consolidated foreign entities operate.

Defined benefit plans

In case of defined benefit plans such as gratuity, the Group's net obligation in respect of the benefit scheme is calculated by estimating the amount of future benefit that employees have earned in return for their service in the current and prior periods; that benefit is discounted to determine its present value, and the fair value of any plan assets is deducted.

The present value of the obligation under such defined benefit plan is determined based on actuarial valuation done by an independent actuary using the Projected Unit Credit Method at each Balance Sheet date, which recognizes each period of service as giving rise to additional unit of employee benefit entitlement and measures each unit separately to build up the final obligation.

The obligation is measured at the present value of the estimated future cash flows. The discount rates used for determining the present value of the obligation under defined benefit plan, are based on the market yields on Government securities as at the Balance Sheet date.

When the calculation results in a benefit to the Group, the recognised asset is limited to the net total of any unrecognized actuarial losses and past service costs and the present value of any future refunds from the plan or reductions in future contributions to the plan.

Actuarial gains and losses are recognised immediately in the Consolidated Statement of Profit and Loss.

Other long-term employment benefits

Compensated absences

Compensated absences including leave encashment, which

are not expected to occur within twelve months after the end of the period in which the employee renders the related services, are recognized as a liability at the present value of the defined benefit obligation at the Balance Sheet date as determined by independent actuary based on Projected Unit Credit Method. The discount rates used for determining the present value of the obligation under other long-term employment benefits plan, are based on the market yields on Government securities as at the Balance Sheet date. Actuarial gains and losses are recognised immediately in the Consolidated Statement of Profit and Loss.

2.14 Employee's Stock Options Plan

In respect of stock options granted pursuant to the Group's Employee Stock Option Scheme ('ESOS'), the intrinsic value of the options (excess of market price of the share over the exercise price of the option) is treated as discount and accounted as employee compensation cost over the vesting period in accordance with the Securities and Exchange Board of India ('SEBI') (Share Based Employee Benefits) Regulations, 2014 and the Guidance note on Employee Share Based Payments issued by the Institute of Chartered Accountants of India, as amended from time to time.

2.15 Earnings per share ('EPS')

Basic EPS is computed by dividing the net profit attributable to the equity shareholders for the year by the weighted average number of equity shares outstanding during the year.

Diluted EPS is computed by dividing the net profit attributable to the equity shareholders for the year by the weighted average number of equity and dilutive equity equivalent shares outstanding during the year, except where the results would be anti-dilutive.

2.16 Provision and contingent liabilities

The Group creates a provision where there is present obligation as a result of a past event that probably requires an outflow of resources and a reliable estimate can be made of the amount of the obligation. A disclosure for a contingent liability is made when there is a possible or a present obligation that may, but probably will not require an outflow of resources. When there is a possible obligation in respect of which the likelihood of outflow of resources is remote, no

provision or disclosure is made. Contingent assets are not recognised in the consolidated financial statements.

2.17 Investment property

An investment in building, which is not intended to be occupied substantially for use by, or in the operations of the Group, is classified as investment property. Investment properties are stated at cost, net of accumulated depreciation and accumulated impairment loss, if any. The cost comprises purchase price of bringing the investment property to its working condition for the intended use. Any trade discounts and rebates are deducted in arriving at the purchase price.

Depreciation on building component of investment property is calculated on a straight-line basis using the rate arrived at based on the useful life estimated by the management which is 60 years.

On disposal of an investment property, the difference between its carrying amount and net disposal proceeds is charged or credited to the Consolidated Statement of Profit and Loss.

2.18 Consolidated Cash Flow Statement

Cash flows are reported using the indirect method as explained in the Accounting Standard (AS) 3 on Cash Flow Statements, whereby profit before tax is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated.

2.19 Cash and cash equivalents

Cash and cash equivalents comprise cash and cash on deposit with banks and corporations. The Company considers all highly liquid investments with a remaining maturity at the date of purchase of three months or less and that are readily convertible to known amounts of cash to be cash equivalents.

33. Segment reporting

The Group has determined its primary reportable segment as geography identified on the basis of the location of assets which, in management's opinion, is the predominant source of risks and rewards. Since, the Group is dealing only in software development and related activities, no business segment has been identified as secondary segment as per Accounting Standard (AS 17) on "Segment Reporting".

The Group's business is organized into five key geographic segments comprising India, The United States of America (USA), Middle East, Singapore and Others.

Revenue and expenses have been identified to a segment on the basis of relationship to operating activities of the segment. Revenue and expenses, which relate to the enterprise as a whole and are not allocable to a segment on reasonable basis have been disclosed as "Unallocable".

Segment assets and liabilities represent the assets and liabilities in respective segments. Tax related assets and other assets and liabilities that cannot be allocated to a segment on reasonable basis, have been disclosed as "Unallocable".

42. Demerger

The Board of Directors of the Company has on 09th May, 2017 approved the scheme of arrangement for demerger of non-core businesses of Aurionpro Solutions Limited (hereinafter referred to as the "Aurionpro" or "Demerged Company") into Trejhara Solutions Limited ("Resulting Company" or "Trejhara"), a wholly owned subsidiary of Demerged Company.

The business divisions consisting of Enterprise Security, Digital Innovation, Banking & Fintech and Government Solutions, which are core business strengths (hereinafter referred to as "Core Businesses") of the Company.

Aurionpro is also providing consulting services in these areas and has also developed IP which is available on cloud as SAAS (Software as a Service) and PAAS (Platform as a Service) models. These business divisions consist of Consulting, Interactive Customer Communication (Interact DX) and Supply Chain Solutions (Logistics), which are non-core businesses of the Company.

The Core Businesses and Non-Core Business has distinct characteristics with different business models and are at a different maturity stages in their life cycles. The difference is not only in their revenue cycles but require different sales approach and methodologies, have varied technology skill sets & cash flow profiles. Thus, both the businesses have different risk profiles and growth opportunities and both of them have a distinct attractiveness to divergent set of investors. In order to unlock the true potential, the businesses would require undiluted management bandwidth to execute the respective vision. Therefore, it may be prudent that Non-Core Business may be transferred into a separate Company and whose shares would also be listed on the stock exchange after the demerger

The scheme is subject to the approval of the shareholders in the NCLT convened meeting, sanction of the NCLT and such other approval as may be required.
