SC Soft delighted to announce Go-Live of the EMV Loop implementation for buses in Costa Rica

SC Soft Pte Ltd, an Aurionpro subsidiary, is proud to be the payment device provider with its Validator (SCV 500) for the National Electronic payment system for public transportation in Costa Rica. The system was inaugurated by the honourable President of Costa Rica and the senior representative from Banco Central De Costa Rica (BCCR). The Project is done in collaboration with Banco Central De Costa Rica (BCCR), Mastercard and GSD Plus.

SC SOFT IS DELIGHTED TO SUPPORT THE EMV OPEN LOOP IMPLEMENTATION FOR BUSES IN COSTA RICA

AS A PART OF NATIONAL ELECTRONIC PAYMENT SYSTEM FOR PUBLIC TRANSPORT

IN ASSOCIATION WITH

www.scsoft.com

The central bank of Costa Rica launched the technological platform – National System of Electronic Payments (SINPE), connecting the country’s financial entities and public institutions through a private telecommunication network that allows for electronic cash transfers. BCCR aimed to reduce the number of cash transactions and the new transit payment system will

Sistema de Pago Electrónico para Transporte Público

El Gobierno se encuentra implementando un Sistema de Pago Electrónico para el Transporte Público que será el más moderno de América Latina, con tecnologías de última generación que permitirán un sistema multimodal, eficiente, inclusivo y seguro.

Antes de febrero 2021

Se completará el desarrollo tecnológico, mediante la implementación del sistema central de recaudo que recibirá la información de viajes, pagos y transacciones, calculará tarifas, y distribuirá ingresos. Así como la emisión de medios de pago y la instalación de equipos en las unidades.

Febrero 2021

Inicio de piloto en el tren

Julio 2021

Puesta en marcha en todos los vagones del tren.

Septiembre 2021

Implementación progresiva en autobuses de empresas operadoras que suscriban nuevos contratos de concesión.

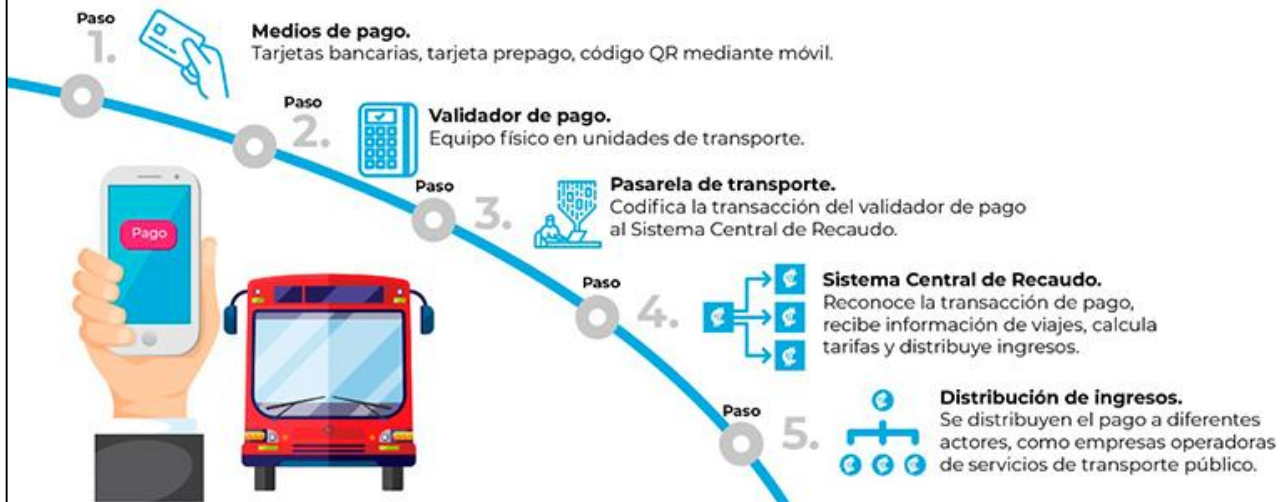

Con este sistema, las personas podrán pagar con tarjetas EMV (Europay-Mastercard-Visa) y contactless, códigos QR mediante teléfonos móviles, y tarjetas prepago.

Beneficios para el usuario:

- Acceso ágil y rápido al servicio.
- Mayor seguridad.
- Mejores condiciones de salubridad.
- Integración tarifaria.
- Mejor calidad del servicio.

Así funcionará el sistema de pago electrónico:

Mr. Sanjay Bali, SC Soft CEO said that, "We are thankful to the Mastercard for partnering with us in this project which has been implemented in record time. SC Soft has built robust offerings & strong delivery capabilities which is complimented by the collaborations with BCCR & Mastercard. This will create strong foot print of SC Soft in the LATAM market and will establish us to be the preferred Automatic fare collection and ticketing payments provider. As BCCR is expected to expand it in further phases we foresee significant further orders in future."

About SC Soft:

SC Soft a Singapore based company is a leading provider of Automatic fare collection technology that designs, supplies, and operates automatic fare collection (AFC) systems, intelligent transportation Management systems (ITMS), access control, and payment solutions.
