## Chartis recognizes Integro Technologies as a leader in Credit Lending Operations

- *Integro Technologies is a 'Category Leader' in Chartis RiskTech Quadrants*
- *Focussed on Loan Origination Systems, Collateral Management Systems, and Limits Management Systems*

**Navi Mumbai, 05<sup>th</sup> July 2022:** Integro Technologies, an Aurionpro subsidiary, is proud to be recognised as a global category leader in the Credit Lending Operations area in the latest industry report by Chartis, an eminent research and analysis organization for Risk Technologies. The research report outlines Chartis' perspective on the market and vendor landscape for credit lending operations in the banking book. This includes loan origination systems, limits management systems, and collateral management systems.

Integro Technologies has a diverse product portfolio for lending operations, with marquee clientele spread across many countries. Recently, the company announced the launch of 'SmartLender Cloud', a cloud offering of its Lending Product Suite which is available on both public and hybrid clouds. The solutions offered by Integro help in accelerating Bank's digital transformation agenda while charting the course for a smooth multi-country rollout with a robust, highly scalable, and agile solution.
